Why Teach?

Teaching is a rewarding, exciting and fulfilling career where everyday you are able to share your enthusiasm for learning and shape the lives of future generations. By bringing your skills and knowledge to the classroom, you will have the opportunity to inspire and support pupils to realise their full potential. You can make a real difference to the lives of young people!

Within the career of teaching there are many opportunities for continued professional development and career progression. Teaching comes with competitive salaries and generous holidays.

Teaching is a highly rewarding and fulfilling career- is this for you?

Who Are Carmel Teacher Training Partnership?

Carmel Teacher Training Partnership (CTTP) is an 'Outstanding' Initial Teacher Training (ITT) Provider. We work with schools across the North East of England within the cities and surrounding areas of Newcastle, Durham, Sunderland, Gateshead, Alnwick, Darlington, Bishop Auckland, Middlesbrough and the Tees Valley.

Established in 1999, CTTP have been inspiring the next generation of teachers for many years, successfully training Primary and Secondary teachers in a variety of subject areas. CTTP offer both School Centred Initial Teacher Training (SCITT) and School Direct programmes leading to the award of Qualified Teacher Status with PGCE. If you are looking for a more practical, work-based experience instead of the traditional university route, this course is for you.

We work with six Lead Schools throughout the North East, and as you will be working in a school, you will be much more likely to get a job at the end of your training. In fact, over 90% of our trainees go on to secure a teaching role.

Our Central Team is based at Carmel College, Darlington which is one of the top performing schools in the country. The latest Ofsted Inspection rated CTTP as 'Outstanding' in all areas.

Why Train With Carmel Teacher Training Partnership?

Carmel Teacher Training Partnership (CTTP) is a well-established, independent, accredited provider of school-centred teacher training. In November 2018, we were awarded 'Outstanding' status by Ofsted proving the overall quality of teacher training we offer each academic year. We offer a bespoke training programme which meets the individual needs of trainees in both primary and secondary schools.

The CTTP programme aims to promote excellence in all aspects of education through focused central and school-based training activities. Trainees are based in our Partnership schools for the duration of the programme. Our ultimate goal is to develop skilled, reflective and creative practitioners who will enthuse and inspire future generations.

If you are looking for personalised and bespoke training, in a nurturing and supportive environment, there is no better place for you to start your teaching career, than with us.

"High-quality and personalised training contributes well to trainees' and NQTs' development as reflective, confident teachers who are deeply committed to their own professional development."

Case Studies

Secondary Trainee - Hayley Martin

"If you are looking for the best programme to prepare you to teach, CTPP is the programme for you. I cannot recommend the SCITT course through CTPP highly enough. As an NQT I now feel fully prepared to tackle the year head on, and I believe this is due to the intense but fantastic year I have just completed. The variety of expert training delivered, along with invaluable advice from other teachers, mentors, professional tutors and partnership link tutors is remarkable. During the course, I was given the opportunity to observe teaching in a primary, secondary and sixth form setting, allowing me to gain a well-rounded view of the education system. I have made not only great professional relationships with colleagues, but great friends along the way. CTPP allows you to build supportive networks with other trainees across a multitude of subjects, and although the course is stressful and demanding at times, the preparation for teaching is incomparable."

Primary Trainee - Leanne Elgie

"I cannot recommend the SCITT course through CTPP highly enough. I believe the holistic and hands-on approach of the course has fully prepared me for my NQT year. Throughout the year I received invaluable, practical advice from other teachers, mentors, the experienced practitioners who conducted our training, professional tutors and partnership link tutors. The opportunity to work with highly skilled and experienced teachers throughout my main and second school teaching placements has provided me with a toolkit of teaching strategies and ideas which I will use throughout my teaching career. Although the training year was challenging and stressful at times, the support I received and the opportunity to work within such a meaningful, enjoyable profession has made it all worthwhile."
